

GENERAL NEWS.

Glass blowers of Boston are out on a strike.

Georgia's rice crop has been greatly damaged by a storm.

Letters from China state that the French lost 15,000, while the Chinese loss was 100,000, in the Tonquin campaign.

On Oct. 15th some children were fishing near Dyeraville, Iowa, and they caught a box containing nine dead infants.

The Governor of Georgia has signed the State Local Option Bill, thus securing practical prohibition to many of the cities and towns of that State.

The nail works at Bellaire, O., are running to their full capacity and are turning out 1,000 kegs per day. The nails are shipped almost as fast as they can be manufactured.

The recent prairie fires, in McPherson county, Dakota, burned over an area of one hundred square miles, making scores, and one account says hundreds, of families destitute.

A collision took place between an emigrant train and a regular passenger on the Pennsylvania Railroad in New Jersey, last week, and eight persons were killed and many wounded.

The Pacific slope Chinamen have undertaken to scatter more widely throughout the United States and thus escape persecution. A committee has been appointed to secure employment for a limited number in different sections of the country.

Beet sugar has overtaken and passed its only rival, cane sugar. The estimated supply for the coming crop year is 2,505,000 tons, while of cane the yield is 2,100,000 tons. Of the total amount, 4,605,000 tons, the U. S. will probably consume one-fourth.

Henry Smith and his wife who live in Ontario county, New York, were shot while sleeping on the ground floor, by an open window, in their home. A shot gun was used, and three rounds were fired. The man will probably die. The deed was done on Sunday night, the 10th.

Will the English language become universal? The question has been decided in favor of the affirmative by Candolle, a Geneva scientist, who reasons from the rapid spread of the English speaking people throughout the world, and their almost invariable retention of their native tongue.

At Osawakee, Kan., on the 17th, Mr. Lander, a farmer accompanied by his wife, two children and Mrs. Steck, started home. Among their purchases were ten pounds of powder. Mrs. Lander in lighting her pipe dropped a spark upon the powder. The explosion killed Mrs. Lander. The other four cannot live.

The papers state that a lawsuit at Waterloo, Iowa, known as the "Jones County Calf-Case," which has been tried five times, has just been decided again. The stolen calves were worth fifty dollars, and the jury awarded \$7,000. The costs have been over \$20,000, and several farmers have been made bankrupt by it.

The type used upon one issue of the newspapers of this country weighs 6,700,000 and would set up 2,885 ordinary 12mo books.

The composition done on the dailies in one year would fill 10,000 volumes of the size of Appleton's Cyclopedia. 8,000 presses are required for the press work, and the proof slips, pasted end to end, would much more than cross the continent.

The International Land Owners' Congress held at Pesth, adopted a resolution asking the Central European States to combine in adopting protective measures against the importation of American and Indian wheat. This variety of protection would not be very satisfactory to Amer-

Some say "Consumption can't be cured." Ayer's Cherry Pectoral proves, by forty years experience, a cure for this disease, when not already beyond the reach of medical aid. Even then its use affords great relief, and insures refreshing sleep.

Allen Thorndike Rice, editor and proprietor of the North American Review, announces that he has concluded an agreement with General Beauregard by which he will write a series of four articles on "The Shiloh Campaign," "The Defence of Charleston," "The Dury Bluffs Campaign," and the "Defence of Petersburg." These articles will appear in the North American Review in the course of 1886. The Shiloh article which is likely to provoke a lively controversy, will appear in the January number.

Be Warned

in time. Kidney diseases may be prevented by purifying, renewing, and invigorating the blood with Ayer's Sarsaparilla. When, through debility, the action of the kidneys is perverted, these organs rob the blood of its needed constituent, albumen, which is passed off in the urine, while worn out matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilla, the kidneys are restored to proper action, and Albuminuria, or

Bright's Disease

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidneys, and other disorders of these organs. Mrs. Jas. W. Weld, Forest Hill st., Jamaica Plain, Mass., writes: "I have had a complication of diseases, but my greatest trouble has been with my kidneys. Four bottles of Ayer's Sarsaparilla made me feel like a new person; as well and strong as ever." W. M. McDonald, 46 Summer st., Boston, Mass., had been troubled for years with Kidney Complaint. By the use of Ayer's Sarsaparilla, he not only

Prevented

the disease from assuming a fatal form, but was restored to perfect health. John McLellan, cor. Bridge and Third sts., Lowell, Mass., writes: "For several years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe at times that I could scarcely attend to my work. My appetite was poor, and I was much emaciated; but by using

AYER'S Sarsaparilla

my appetite and digestion improved, and my health has been perfectly restored."

Sold by all Druggists.

Price \$1; Six bottles, \$5.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

Many Years

Mr. R. FORTEN, 220 Main street, Terre Haute, Ind., suffered from Neuralgia, and found no relief till he used ATHLOPHOROS, then in one day's time the pain was all gone.

Some times ATHLOPHOROS will not act as quick as times. It is as sure and the more severe the pain the more quickly it will act. There is no disease more common and none more intensely painful than neuralgia. Ladies particularly are subject to headaches of neuralgic origin. Neuralgia in any form can be surely cured. Athlophoros is absolutely safe and absolutely sure. Thousands who have suffered intensely with neuralgia and been cured by the use of Athlophoros prove the truth of this statement. Is it not worth a trial in your case? Ask your druggist for Athlophoros. If you cannot get it of him we will send it express paid on receipt of regular price—\$1.00 per bottle. We prefer that you buy it from your druggist, but if he hasn't it do not be persuaded to try something else, but order at once from us as directed.

ATHLOPHOROS CO., 112 WALL ST., NEW YORK.

"Royal" Declared the Best.

The fact that Royal Baking Powder is, in all respects, the best baking powder offered to the public has been established beyond question.

Prof. H. A. Mott, when employed by the U. S. Government to analyze the various baking powders of the market to determine which was the best and most economical, after an extended investigation, reported in favor of the Royal, and it was adopted for government use.

Prof. Mott has continued his examinations of baking powders sold at the present day, and now affirms it as his deliberate judgment, arrived at after most thorough research and a careful examination of the principal brands of the market, that the Royal is undoubtedly the purest and most reliable baking powder offered to the public:

OFFICE, DR. H. A. MOTT, CONSULTING CHEMIST,
61 BROADWAY, NEW YORK, Feb. 12, 1885.

* * * The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for them and the U. S. Government.

I will go still further and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportion of the same, and the method of its preparation, THE ROYAL BAKING POWDER IS UNDOUBTEDLY THE PUREST AND MOST RELIABLE BAKING POWDER OFFERED TO THE PUBLIC.

Olmsted's Harmony of the Gospels.

I have on hand a few copies of "Olmsted's new harmony of the Evangelists, or the Walks and Words of Jesus" that I would wish to dispose of. This is a work of real merit and should be read by every bible student and have a place in every minister's library. It contains nearly 400 pages, good clear print, handsomely bound in cloth. Price by mail \$1.35; two cent postage stamps will be taken as change. In reading this work you read the gospel in a new light as you read it without any breaks or omissions in the sacred narrative. To get a knowledge of what Jesus did and taught by reading the New Testament you have to read Matthew, Mark, Luke and John. But as every bible reader knows, Matthew omits some things that some of the others mention and vice versa, and the same can be said of each of the other Evangelists. Who at times, when reading the sacred story, has not felt a desire to have a harmony of those Gospels so that he could read the whole as one continued narrative, each event in the order in which it occurred, without any breaks or omission, or without having to read any part of it more than once, for years this has been the writer's experience, and not until recently has he been able to find the desired aid which this work furnishes. Another feature of this work is, all the words of Jesus that is upon record is in this work, and distinguished to the eye by a larger type than the rest of the work.

"The happy thought of these volumes was suggested by the incidental reading of this, in the life of John Quincy Adams:

He was one day engaged in his usual study of the New Testament, when being particularly impressed by the words of Jesus, he conceived the idea of abstracting all his words from the body of the second text, that he

might see them in their unity and wholeness. He immediately procured a suitable blank book, and beginning with the first gospel wrote down every word of Christ as given by each of the Evangelists. This most precious excerpta be continued to read and devoutly study with great profit and comfort."

I can offer this work at the above price up to the first of Dec.
